LEGION AUXILIARY

The American Legion Auxiliary held a special meeting Wednesday evening, May 3, for the purpose of entertaining the state officials from department headquarters. Mrs. Florence Kelly, Department President, and Mrs. Elizabeth I. Drendell, Department Sec.-Treas., were also accompanied by a visitor from the unit of Post No. 8 of Los Angeles. Although the Post is right in the midst of building operations, and the partly finished club room had just the day before received a coat of plaster, the unit was very proud to be able to show these officials the beautiful home of their Post. These women are making their official visits to all units throughout the state, having just completed a tour all through Imperial Valley.

The entire evening was spent in listening to the visitors as our newly formed unit felt they needed their help. The work for the year was laid out by the president Mrs. Kelly whose very interesting talk was a great inspiration to everyone. Mrs. Drendell told of the formation of the Auxiliary and the history of the organization since its formation. Our president Mrs. J. Wallace Post gave a review of the work accomplished by our Unit since its formation, and was complimented very highly by both officers. The attendance of the Unit was almost 100 per cent, there being 25 present. A very cordial invitation was extended to the Unit of Post No. 8 of Los Angeles. After all questions had been answered and all matters that have been in doubt to the Unit were straightened out, a very social hour was spent and refreshments of ice cream and cake were served.

A SPRINGTIME FLOWER SHOW

One of the loveliest trips for scenic beauty was enjoyed last Sunday by the Paige family, including little Miss Beatrice Wynne as their guest. Leaving Torrance about eight o'clock, they enjoyed the familiar garden scenes all the way up to Redlands. Leaving the latter city now in all its glory of miles of "Gold of Ophir" roses, Cherokee and Lady Bankria roses, and fountains of Bridal Wreath, the way east was followed out over the country and on and ever up till the broad plateaus of Yuclapa, the famous apple land, were reached; there they stand, decked in enchanting robes, like bevy of brides and bridesmaids, white, pink and white, creamy-white, and pink! and just enough of misty green showing to make the picture a feast for beauty-loving eyes; blue skies and fleecy clouds above, the drowsy drone of the bee at work, the green grass beneath starred with wild flowers, a Jersey cow standing knee deep in the midst of it looking on with gently surprised brown eyes as the camera clicked—there's a picture that eclipses Doug and Mary's 4000 dobe! A dinner in Wildwood canyon beneath the great live oaks, a good place to rest and the journey was pursued north and west; friends in Crafton, Mentone, and Redlands called upon and at 4:30 the trip back begun. Of course they brought back apple blossoms and wild flowers. The orange trees are not yet blooming as profusely as they will later, and for a week or ten days the later apple orchards will still be coming on into radiant bloom.
